

# Online Premium Payment—New Option

- CMS launched online payment by credit/debit cards or directly from savings or checking accounts through your bank's online bill payment service using your secure account on [MyMedicare.gov](https://www.mymedicare.gov)
- Pay Medicare Part A, Part B, or Part D IRMAA premiums online
- Can't be used to pay Medicare Advantage or Medicare Prescription Drug Plan premiums
- You'll get a confirmation number when you make your payment
- Your credit/debit card statement will show a payment made to "CMS Medicare"

## Online premium payment

### Paying your premium online

You can pay your Medicare Part A, Part B, or Part D income-related monthly adjustment amount (Part D IRMAA) premiums online with a credit or debit card. This payment will be applied to the amounts shown on your ["Medicare Premium Bill" \(CMS-500\)](#). Premium payments are due by the 25th of the month. Please allow at least 3 business days for your payment to process. You can't use this online payment service to pay Medicare Advantage or Medicare Prescription Drug Plan premiums.

#### Before you pay

- If you owe Part D IRMAA, only pay the amount listed on your bill. You can't pay Part D IRMAA premiums in advance. Any overpayment will be applied to your Part A or Part B premiums for the next month.
- If you're enrolled in [Medicare Easy Pay](#), your premium payments are automatically deducted from your bank account each month. To avoid paying double, don't make online premium payments below. [Find out how you pay your Medicare premiums](#). If you have questions or want to sign up for Medicare Easy Pay, use our [online live chat](#) or call us at 1-800-MEDICARE (1-800-633-4227).

There's no charge or service fee – it's free to use this service.
